NAVAL GUNS BOMBARD REDS ABOVE POHANGI

S. Korean counter-attack checks Communist drive

"LAST GASP" OFFENSIVE

On The Pohang Front, August 28. An American naval task force rained shells on the North Koreans three miles above Pohang tonight to check the Red drive on the East coast port city.

Two cruisers and four destroyers off shore in the Japan Sea turned their guns on enemy forces trying to drive down and recapture the city they lost to a South Korean counter-attack eight days ago.

their bursts mingled with the occasional streak of machine-gun tracer fire from machine-guns fired by frontline infantry.

Fighting along the mountain ridge North and North West of the city generally had subsided at nightfall but South Korean artillery and American batteries supporting the South Korean ground forces kept up sporadic fire into and behind the enemy lines.

Just before dark American fighter pilots reported a "fairly movement of North Korean troops and equipment near Hunhae, five miles / North of Pohang on the coast.

artillery has not ye brought Pohning under attack although the front line at some places is only two and a hale miles away. Spotter planes' pilots reported enemy shells were falling into the sea just North of Pohang: In "the port area."

The South Korenn Capital Division counter-attacked Northwards toward Kigyo this afternoon while other South, Korean forces held their ground two to three miles North of Pohang.

The North Koreans had advanced to within 3,000 yards of the East coast port city and by nightfall infantry and artillery duels were raging along the defence area extending across the rugged hills from four miles West of Pohang to the Japan Sea two and a half miles North of the

The South Korean forces cleaned up small groups of machinegun and mortar firing raiders who for a short time laid down a curtain of fire across the main Taegu-Pohang road. West of the port to-

UNEASINESS IN AS FRENCHMEN WATCH THREAT GROWING RED

Saigon, August 28. Uneasiness is increasing here as Frenchmen watch the developing Communist threat on Indo-China's frontier with China and the city's street cafe customers over morning aperitifs eagerly scan cautious local headlines on Korea's war.

The big question they are asking is "Can a North Korean pattern attack or an Oriental 'hepped up' campaign send already guerilla-torn Indo-China up in flames?"

Most say reluctantly it is only a matter of time. What they want to know is "When?"

Dr. Jessup, one of the Secretary of State, Mr. Dean Acheson's most trusted advisers, gave the State Department view in a radio intérview.

On Saturday, both the State Department and White House disavowed Mr. Matthews' declaration, saying that neither of those agencies had cleared it. A State Department statement in addition declared that what Mr. Matthews said does' not represent United policy and the United Government does not favour instituting a war of any kind.

Before a united control of Africa could become possible, there would have to be a unity of thought and purpose among the European countries who have controlled, for so long, the destiny of most of this vast continent. The larger of the two maps, showing the very limited main railway network, reveals how difficult a problem a coordinated control of Africa would be. As was once North America, Africa may well be the "continent of the future," but this newsmap suggests in graphic form that Africa's day of destiny has not yet dawned.

BULGARIA IS THREAT TO GREECE, SAYS UN COMMITTEE'S REPORT

TRAFFIC OPIUM IN IRAN

Teheran, August 27. Opium traffic - legal and illegal -is the "big secret" of Iran today and probably one of its biggest rackets.

One of the world's major producers of poppy seed product Iran observes no internationa liable statistics are available or production or sales to either local or foreign drug control quarters, All legal opium production and distribution is hundled by the department for the export of oplum, subsidiary of the Finance

ministry. American and other foreign narcotics experts estimate that only 30 to 40 per cent of Iran'. annual oplum production about 10,000 cases ever reaches legal channels and that the majority is sold in black and other illicit markets.

The opium poppy is grown chiefly in central Iran by individual farmers who estensibly self it after harvest to the government which their packs, stores and sells the linished product to licensed narcotic manufacturers,

local and foreign. After the poppy has attained full growth, the farmer "bleeds" the seed pod by puncturing with a manually operated hasp. This operation is done twice, first on one side of the pod and then on the other. A gum-like secretion-70 per cent pure opiumcollects on the pod as a result of the puncturing and this is later scraped off and packed for

weighing by the farmer. The government then buys this gum opium from the farmers at about \$7 per pound and cans it in one-pound sticks. There are 160 cans to a case.

Black market rates

It is estimated, however, that 60 to 70 per cent of the annual production reaches the market because the narcotle brings at least double the official rate in lilicit markets.

Much of the black market sales are consumed in Iran, which despite government prohibition... has one of the world's principal opium smoking populations, Almost anywhere throughout nation, in cities and towns and even at roadside stands a pipe of opium can be obtained with little trouble for no more than

Because of Iran's lengthy and largely unsettled frontiers where effective control is practically impossible, much of the remainder of the illegal product is relatively simply smuggled

Occasionally the government cracks down on the traffic. Several years ago its agents uprooted a great number of poppy fields, but it has as yet failed to place effective controls or rationing on production. Why the H-Bomb is called atomic fish

Hydrogen bombs are sometimes called atomic fish, while atom bombs are called atomic matches.

The atomic fish are the particles which form all atoms. There are only three particles—neutrons, protrons, and electrons. Two or more of them together form any atom.

The three atomic particles act just like the fish. They weigh less when they enter the nucleus of an atom than when they are outside. In

Chinese request to Burma

Bangkok, August 27.
The Chinese Charge d'Affaires in Bangkok, Fatrick Pichi Sun, said the Burmese government should allow 2,000 Nationalist troops, remnants of the former Nationalist 20th division to return to China across the border to wage guerilla warfare against the Communists.

Small-scale warfare is now taking place between Burmese forces and the Chinese, who crossed into Burmese territory some weeks ago. Burmese reports said the Chinese had taken over several villages and intended living on Burmese territory. Casualties on both sides are put at 100.

Pichi Sun said Burmese troops were blocking passage of the Nationalist soldiers into Yunnan

The licket soliers said that. each day between: 3,000 to 4,000 tickets are sold but they expected a ruth for the Cash Sween fickets beginning towards the end of next month until the day of the draw and callmated that more than one million tickets will be sold.

Washbrook to tour

London,' August 27. batsman, is after all to tour Australia and New Zealand with the MCC cricket team this winter.

This was announced by the MCC. John Warr, Cambridge University and Middlesex fast bowler, has been invited to complete the party. Denia Compton, of Middlesex, has been appointed vice-captain.

When Washbrook's came way included among the first 12 chosen last month, he announced that he would be unable to make the trip because of business commitments. Now he has come to an arrangement with the co-directors of the sports firm he has joined in Manchester.

The MCC has given him permission to fly out later so that he can complete his businers affaire. He will meet the other 10 players at Adelaide and will miss only the first two matches, which are normally fegarded as practice

Warr, who is playing in the present fixture against the West Indies at Lords, is a right-arm fast-medium bowler of considerable promise. He won his Blue and County cap last, summer and has developed remarkably in short while.

He is 23 and has taken 82 wiekets so far this summer. He has been elected captain of the University side for the next season. The appointment of Compton as vice-captain of the touring touring team strengthens the view already held in many quarters that he is being groomed for the England captainey. Should he make a successe of his new duties he may lead England against South Africa here next

The complete party chosen for the tour is:

F.R. Brown (Northamptonshire) enptain. R.T. Simpson (Notta) T.E. Balley (Essex). J.G. Dewes (Middlesex). A.V. Bedser (Surrey). T.G. Evans (Kent). W.E. Holles (Warwickshire), D.V.P. Wright (Kenc) W.G.A. Parkhouse (Glamorgan) I., Hutton (Yorkshire). D.C.S. Compton (Middlesex).

D.B. Close (Yorkshire). D.S. Sheppard (Cambridge University and Sussex) A.J. McIntyre (Surrey), R. Berry (Lancashire). C. Washbrook (Lancashire),

J.J. Warr (Cambridge University and Middlesex).—Reuter.

Forest Hills, August 27. Tom Brown won the final match of the 1950 Davis Cup challenge round, defeating Australia's Ken McGregor, 9-11, 8-10, 11-9, 6-1, 6-4.

Brown's comeback victory saved the United States from utter defeat in its losing attempt to defend the Davis Cup. Australia won the series by four matches to one, taking three singles and the doubles contest.

After Frank Sedgman routed compared with only four for Tan Senroeger in the day's his match and McGregor started brilliantly against Brown it looked to 8,000 speciators as if the United States would take the worst beating in the 31-year history of the Davis Cup.

But the 27-year old Brown Wimbledon finalist in 1947, came rearing back to take the only United States victory. McGregor. who had shown championship form in trouncing Schroeder straight sets on the opening day fired 10 aces in the opening set. He rammed through Brown's service in the 10th game then held his service to win 11-9. In the second set he outsteaded the Californian and Brown appeared to be through as he double-faulted nway his service in the 17th game to lose the set 10-d.

Then Brown started a comeback. Suddenly he found touch of a concert planist as he fired shots which caught the Australian flat-footed in the back court. McGreger broke Brown's first service in the third set and was all set to romp home in future but it was obvious that he courage and determination to a straight sets.
